

Girl Scout Patch Visits Brownie Try-Its Grades 1 – 3

To earn a Try-It, brownies must complete 4 of the activities described in their catalog. The ones that we will lead them through are briefly described below.

By completing those activities with us, they will have met all requirements for their Try-It and can then purchase it from the Girl Scout Council.

Gateway to Science patches will be available for \$1 each.

Science Wonders Try-it

Bubbles – blowing bubbles using various shapes of wands

Presto Change-O – investigate chemical changes using lemon juice

Magnet Hunt – discover which materials are attracted to magnets,
view Magnetic Attraction exhibit

Static Electricity – investigate static charges with a balloon and various other objects

Science in Action Try-it

Weird Glop – making a cornstarch/water glop and observing its properties

Balloon Blowing – chemically combining baking soda and vinegar to inflate a balloon

A Butterfly of Many Colors – chromatography using a coffee filter

Light and Color – view Color Mixing and Disappearing Apple exhibits
